

G Name a Number

Name a number that is:

1. One more than eight.
2. Two more than eight.
3. Two less (smaller) than eight.
4. A lot more than eight.
5. A lot less (smaller) than eight.

H Alike and Different

1. Describe each rhombus below.

2. How are the two rhombuses alike?
3. How are they different?

I One More and One Less

Here is a stack of three cubes. Here is another stack of four cubes.

1. How many cubes should we add to the stack of three cubes to make both stacks the same?
2. How many cubes should I take away from the stack of four cubes to make both stacks the same?
