

Eight Pennies Table

Dear Family Member:

Your child will need eight pennies for this assignment. He or she should divide the pennies in different combinations between two pockets. The total should equal eight for each problem. Please help your child complete the data table.

Thank you.

How many ways can you arrange eight pennies in two pockets? Record as many ways as you can. Then write a number sentence for each one.

		Total Pennies	Number Sentence
0	8	8	$0 + 8 = 8$
