

More Ten Frames, Number Lines, and Tallies

Dear Family Member:

Your child is using ten frames to represent numbers. Ten frames, a number line, and tallies show 18 in the box below. Each row of a ten frame is filled in completely before the next row is used. Thank you.

Show the number of hops on the number line three other ways.

Ways to show 18

X	X	X	X	X
X	X	X	X	X
X	X	X	X	X
X	X	X
