Name _____   Date _____

J **Counting On Using the Ten Frame**   N $\boxed{\frac{7}{+5}}$
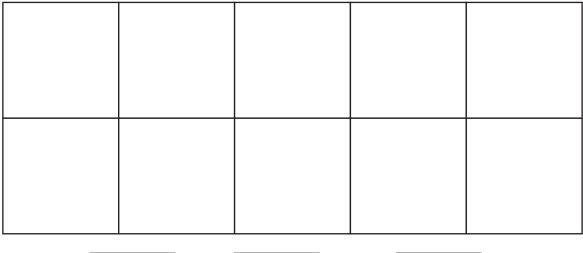

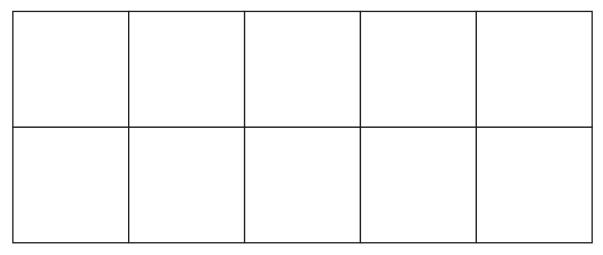

Solve each problem using the ten frame.

1. Sam has 4 pennies and Josh has 5 pennies. How many pennies do they have together?

$\boxed{}$ + $\boxed{}$ = $\boxed{}$

2. Liz has 3 pennies and Diana has 7 pennies. How many pennies do they have together?

$\boxed{}$ + $\boxed{}$ = $\boxed{}$
