

Links at Home

Dear Family Member:

We are using links to estimate and measure lengths. Please help your child read each of the measurements below.

Thank you.

Read each sentence below. Decide whether each one *could be possible* or seems *crazy*. Circle your answer. Use the picture of five links to help you.

1. A big toe is 5 links long.

could be

crazy

2. A pencil is 5 links long.

could be

crazy

3. An adult's foot is 8 links long.

could be

crazy

4. A table top is 35 links from the floor.

could be

crazy

5. A doorknob is 100 links from the floor.

could be

crazy

6. Name something that **could be** 10 links long.

7. Name something for which 10 links is a **crazy** measurement.
