

Value of Coins

Dear Family Member:

Your child has been learning the value of coins and how to find the value of a collection of coins. You can help by giving your child combinations of coins to count. Remind him or her to skip count whenever possible. It also helps to start with the largest valued coin and then count on.

Thank you.

1. Frank found these coins on his way to school. How much money did he find?

2. Irma buys candy for her sister with these coins. How much does she pay?

3. Grace buys carrots at lunch and pays with these coins. How much did her carrots cost?

4. Jerome has these coins in his piggy bank. How much money does he have?

5. Keenya got a purse with these coins for her birthday. How much are the coins worth?

6. A. Jacob has 35 cents. What coins might he have?

- B. Show a different set of coins that makes 35 cents.
