

# M Make Ten and Add

Circle the number partners that make ten. Then solve the problems.

A.  $9 + 1 + 3 = \square$

B.  $8 + 2 + 5 = \square$

C.  $6 + 4 + 5 = \square$

D.  $7 + 3 + 1 = \square$

E.  $5 + 5 + 2 = \square$

F.  $10 + 0 + 6 = \square$

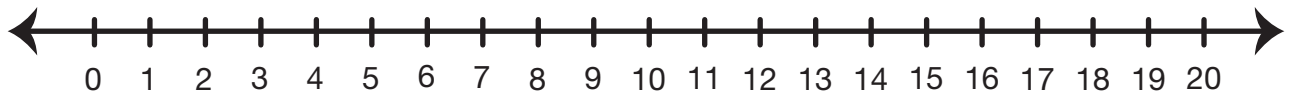

# N Pet Stories

Show or tell how you solve the problems.

- A. Romesh has a dog, nine fish, and two cats. How many pets does he have?

- B. Ana has nine birds and five fish. How many pets does she have?
