**7.** Nisha has 13¢. She wants to buy an ant card. What other card can she buy?

Emily solved the problem this way: _____

> I counted back on the number line. I started at 13 and counted back 8: 13, 12, 11, 10, 9, 8, 7, 6. She can buy a monkey card.

Emily

0 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20
