

K Intervals

N

Use your number line or *200 Chart* to show your answer.

1. Jerry pulls a handful of buttons from a bucket. He counts them and says, "I have 37 buttons." Circle the interval that this is in.

1-10 11-20 21-30 31-40 41-50 51-60 61-70

Name 2 more numbers in the same interval.

2. Frank pulled two handfuls of buttons from a bucket. He grabbed between fifty-one and sixty buttons.

Name two numbers of buttons that Frank could have grabbed.
