

Make Your Own Tile Design

Use tiles to make a design on the grid. Color the squares to record your design.

Name _____ Date _____

Write a number sentence for your tile design. Then ask your partner to write a different number sentence. Use your number sentence and your partner's number sentence to make a true statement.

Number sentence _____

How did you look at your design?

color row column diagonal

Partner's name: _____

Partner's number sentence _____

How did your partner look at your design?

color row column diagonal

We put the two number sentences together to make a true statement.
