

## M Subtraction Strategies

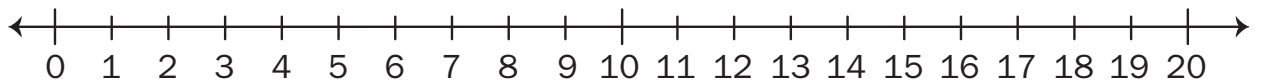

A. Annie and her mom picked apples. Her mom needs at least 15 apples to make a pie. Annie has 7 apples in her basket. How many more apples does her mom need to be able to make a pie?

Write a subtraction number sentence for the problem.

\_\_\_\_\_

B. Show how to solve the problem using the number line.

## N My Favorite

Irma's class collected data on their favorite pizza toppings.

**Favorite Pizza Toppings**

Pizza Topping	Number of Children
Sausage	12
Onion	4
Pepperoni	6
Spinach	3

1. Which topping is the most popular?

2. Which topping is twice as popular as spinach?

3. How many children are in Irma's class?
