# Fact Families

Homework

Dear Family Member:

In school, your child has been learning about fact families. For example, the following number sentences are all part of the same fact family:

$3 + 2 = 5$ $2 + 3 = 5$ $5 - 2 = 3$ $5 - 3 = 2$

As you talk with your child about addition and subtraction sentences, ask him or her to tell you another number sentence in the same fact family.

Thank you.

A. Draw a line to connect number sentences that are in the same fact family. The first is done for you.

$7 + 3 = 10$	$3 + 5 = 8$
$7 = 1 + 6$	$6 - 3 = 3$
$2 + 5 = 7$	$10 - 7 = 3$
$3 + 3 = 6$	$4 = 2 + 2$
$4 + 7 = 11$	$5 + 2 = 7$
$5 + 3 = 8$	$7 - 1 = 6$
$4 - 2 = 2$	$7 + 4 = 11$

B. $6 + 5 = \boxed{}$

Write 3 more number sentences in the same fact family.

_____

_____

_____

C. Choose a number sentence from Question A. Draw a picture that matches your number sentence. Write another number sentence from the same fact family.

Number sentence _____

Another number sentence _____
