

Sam's Measurements

1. Sam and his dad measured lengths with their footprints. Their measurements are listed below. They forgot to label their measurements.

A. Which measurements belong to Sam's dad and which belong to Sam? Write "Sam's Dad" or "Sam" above each column.

Distance	_____ Footprints	_____ Footprints
Length of Sam's Bed	30	10
Width of Sam's Bed	9	3

B. Tell how you decided.

2. Sam has an identical twin brother named Josh. Josh measured the length of Sam's bed with his footprints. What answer do you think he would get? Why?
