C Adding Nine

A. $9 + 3 = 10 + \boxed{}$

B. $8 + 4 = \boxed{}$

C. $9 + \boxed{} = 8 + 6$

D. $5 + 7 = \boxed{} + 10$

E. $\boxed{} + 9 = 8 + 5$

F. $10 + 3 = \boxed{} + 9$

G. Show or tell how you solved Question C.

H. Ana solved $5 + 7 = \boxed{} + 10$.

10 is 3 more than 7, and 3 less than 5 is 2.
So $5 + 7 = \boxed{2} + 10$

Do you agree with Ana? Why or why not?
