

# Subtraction Strategy Session

Talk with your neighbor. How would you solve each problem?

$$\begin{array}{r} 100 \\ - 3 \\ \hline \end{array} \quad \begin{array}{r} 52 \\ - 49 \\ \hline \end{array} \quad \begin{array}{r} 50 \\ - 26 \\ \hline \end{array} \quad \begin{array}{r} 73 \\ - 28 \\ \hline \end{array} \quad \begin{array}{r} 78 \\ - 25 \\ \hline \end{array} \quad \begin{array}{r} 91 \\ - 45 \\ \hline \end{array}$$

Choose two problems and show or tell how to solve each one.

A. Problem 1:

B. Problem 2:
