

Name _____ Date _____

AA School Supplies

Tanya bought three pencils for 10¢ each and two pads of paper for 30¢ each.

1. How much did Tanya spend?

2. How much change will she get from \$1.00?

BB Subtraction with Friendly Numbers

1. Julie said $60 - 27$ is about 30. Do you agree? Tell why or why not.

2. Find an estimate for $79 - 22$. Show or tell your thinking.
