

Putting It All Together

1. Write two number sentences to describe the building in the plan. Then combine the number sentences to make one new true number sentence.

Building Plan	Number Sentences				
<table border="1" style="margin: auto;"> <tr> <td style="padding: 5px;">10</td> <td style="padding: 5px;">12</td> </tr> <tr> <td style="padding: 5px;">6</td> <td style="padding: 5px;">4</td> </tr> </table>	10	12	6	4	<div style="text-align: center; margin-bottom: 20px;"> <hr style="width: 50%; display: inline-block; margin-right: 20px;"/> <hr style="width: 50%; display: inline-block;"/> </div> <div style="display: flex; justify-content: space-around; margin-bottom: 20px;"> <div style="text-align: center;">Number sentence 1</div> <div style="text-align: center;">Number sentence 2</div> </div> <hr style="width: 80%; margin: auto;"/> <div style="text-align: center;">Combined number sentence</div>
10	12				
6	4				

2. Is it true or false? Circle one.

- | | | |
|-------------------------------------|------|-------|
| A. $8 + 9 = 12 + 3$ | True | False |
| B. $12 + 6 + 4 = 6 + 4 + 12$ | True | False |
| C. $70 + 70 + 3 = 140 + 3$ | True | False |

3. Make the number sentences true.

- A.** $7 + 9 + 1 = \square + 9 + 7$
- B.** $10 + 10 + 10 = 5 + 5 + 5 + 5 + \square$
- C.** $16 + 4 + 5 = 10 + \square + 5$
