

B Time Flies

1. What time is it now? Show the time on your clock. Draw the time on the first clock.

2. What time does school start? Show the time on your clock and draw it on the second clock.

3. How much time has passed since school started? How do you know?

C Subtraction Practice Using Doubles

Solve each fact. Write the other subtraction fact that is in the same fact family. If there is not another subtraction fact for the fact family, say so.

A. $7 - 3 = \underline{\quad}$ _____

B. $6 - 3 = \underline{\quad}$ _____

C. $9 - 4 = \underline{\quad}$ _____

D. $8 - 4 = \underline{\quad}$ _____

E. $15 - 7 = \underline{\quad}$ _____

F. $14 - 7 = \underline{\quad}$ _____

G. Why do some fact families have only one subtraction fact?
