

Name _____ Date _____

Jumping Rope

Use the *200 Chart* and *Addition Strategies Menu* in the *Student Activity Book Reference* section.

The second graders participated in a Jumping Rope Marathon for charity. The jumpers earned 2¢ for each jump.

1. Mara jumped 119 times without stopping. Carla jumped 15 more times than Mara. How many jumps did Carla make? How did you find your answer?

2. A. Peter jumped 10 times. How much money did he earn?

B. Julie jumped 20 times. How much money did she earn?

C. Peter jumped 100 times. How much money did he earn?

D. Explain your strategy for Question 2C.
