

Money to Spend

1. Frank had 170 pennies to spend. He bought a valentine card for 90 cents. How much money did he have left? Write a number sentence.

2. Miguel had 180 pennies to spend. He bought a pack of gum for 90 cents. How much money did he have left? Write a number sentence.

Sharing Cookies Again

Emma shared four cookies with her sister and Ming shared four of the same kind of cookies with his two younger brothers. Who got more cookies, Emma or Ming? Explain your thinking.
