Homework

1. Complete the following problems in your head. Try to use a ten whenever possible.

A. $3 + 16 + 7 =$ _____

B. $9 + 17 + 1 =$ _____

C. $2 + 11 + 8 =$ _____

D. $5 + 15 + 6 =$ _____

E. $7 + 12 + 8 =$ _____

2. Choose two problems from above and tell how you solved each one. You can use pictures, words, or number sentences and the space below the problem to explain.
3. Write and solve your own addition problem.
