

Related Facts

Homework

Dear Family Member:

The set of math facts you can make from the same numbers is called a *fact family*.

Here is the fact family for the numbers 2, 7, and 9:

$$2 + 7 = 9 \qquad 7 + 2 = 9$$

$$9 - 7 = 2 \qquad 9 - 2 = 7$$

Thinking of related facts together helps students remember them. Thank you.

1. Complete the following sentences to make fact families. Make four different sentences in each group:

A. $7 + 4 = \square$

$4 + \square = 11$

$\square - 4 = 7$

$11 - 7 = \square$

B. $3 + 6 = \square$

$6 + \square = 9$

$\square - 6 = 3$

$\square - 3 = 6$

C. $\square + 8 = 14$

$8 + 6 = \square$

$14 - 6 = \square$

$\square - 8 = \square$

2. Write the four number sentences in the fact families for the following numbers:

A. 4, 5, 9

B. 2, 8, 10

C. 6, 7, 13
