

S 1 and 2 Are Broken

The “1” key and the “2” key are broken on the calculator. List the keys you would press to do these problems. You do not have to fill all the boxes.

A. $12 + 12$

B. $12 + 11$

C. $20 + 20$

T Magic Square: Sum of 15

Complete the magic square using 1, 2, 3, 4, 5, 6, 7, 8, and 9. Each row, column, and diagonal must have a sum of 15. This is the same magic square that Sun Feng had to do in the story *Yü the Great*.
