

F Subtraction Flash Cards: Group 35
x 7

1. With a partner, sort the flash cards into three stacks: Facts I Know Quickly, Facts I Can Figure Out, and Facts I Need to Learn.
2. Update your *Subtraction Facts I Know* chart. Circle the facts that you answered quickly. Underline those you could figure out. Do nothing to those you still need to learn.

F Multiplication Sentencesx N 5
x 7

1. Nan brought four puppies home from an animal shelter. She wants socks for each puppy. Write an addition sentence for the number of socks Nan will have to buy for her puppies.
2. Draw a picture and write a multiplication sentence for the socks she will have to buy.

3. Sal bought socks for 6 cats. Complete the number sentence.

$$\square \times 4 = 4 + 4 + 4 + 4 + 4 + 4$$

4. How many cat socks did Sal buy?
