- Look at each row in the table.
- For each row, decide whether you are “Working On It,” you are “Getting It,” or you already “Got It.”
- Remember, you may feel you are “Working On It” for one row, but for another row, you have already “Got It.”
- On this table, draw a circle around each set of problems you decide to do.
- If one set of problems seems too easy or too hard, choose a different set from the same row.
