# Helping Leonardo the Traveler Solve Problems

In the beginning of the story, Leonardo learned to use the abacus. Use the pictures below to show numbers the way Leonardo's father taught him.

1. **A.** Draw pebbles on the abacus to show 680.

1000s	100s	10s	1s
M	C	X	I

B. Draw pebbles on the abacus to show 1905.

1000s	100s	10s	1s
M	C	X	I

C. Use base-ten shorthand to show each of these numbers. Use the Fewest Pieces Rule.

680

1905
