Play Digits Game: Smallest and Largest Difference

Draw a Digits Game playing board like this on your paper.

	<input type="text"/>	<input type="text"/>	<input type="text"/>
		<input type="text"/>	<input type="text"/>
-			
<hr/>			

As your teacher or classmate chooses the digits, write them in the boxes. Try to find the smallest difference. Remember, each digit will be used only once.

Play again, but this time find the largest difference.

	<input type="text"/>	<input type="text"/>	<input type="text"/>
		<input type="text"/>	<input type="text"/>
