## **Finding More Rectangles**

## **Exploring Prime Numbers**

- 1. Arrange 5 tiles into rectangles in as many ways as you can. Draw your rectangles on the grid below and write a number sentence inside each rectangle.
- 2. Arrange 7 tiles into rectangles in as many ways as you can. Draw your rectangles on the grid below and write a number sentence inside each rectangle.

**3.** What is special about the rectangles for 5 and 7?

## **Exploring Square Numbers**

**4.** Use your tiles to build squares of different sizes up to at least 10 × 10. Count the number of tiles on each side and the total number of tiles in each square. Complete the table on the next page.
