

**Addition and Subtraction Practice**

Estimate the answer to each problem. Then use your estimates to predict which one will have the largest answer (sum or difference). Use a pencil-and-paper method or a mental math strategy to find the exact answers. Refer to the *Addition Strategies Menu* and *Subtraction Strategies Menu* in the *Student Guide* Reference section.

A. 8340 My Estimate:
 - 635

B. 4619 My Estimate:
 + 1391

C. 3951 My Estimate:
 + 1699

D. 7395 My Estimate:
 - 1297

E. Which answer is largest? Did it match your prediction?
