

Z Roberto's Hiding Place

Roberto made a scale map to show his friends the way to his secret hiding place. Use the map to complete each problem to locate his secret place.

1. Mark and label the location of each item on Roberto's map.
 - A. Find the tree. It is located 15 meters right and 25 meters front.
 - B. From the tree go to the grassy hill. From the tree it is located 15 meters right and 10 meters back.
 - C. From the grassy hill go 30 meters right and 10 meters back to the shore of the fishing pond.
 - D. From the shore of the fishing pond go 10 meters left and 15 meters front to find the rocky cave.
 - E. To find Roberto's secret hiding spot travel 10 meters left and 20 meters back.

2. Complete the table. Write the coordinates to show the location of each place on the map.
