N Play Addition Digits Game   ⬚ **N** **X**

Draw a playing board like this on your paper.

$$
\begin{array}{c}
\quad\ \square\ \square \\
+\ \square\ \square \\
\hline
\end{array}
$$

As your teacher or classmate chooses the digits, place them in the boxes. Try to find the largest sum. Remember each digit will be used only once. Once you place a digit, it cannot be moved.

O Sharing Money   ⬚ **N** **$**

1. Four children found $7.00 at the bus stop. They decide to share it equally. How much should each child get? Fill in the circle by the correct answer.

    ○ A. $1.00

    ○ B. $2.00

    ○ C. $1.50

    ○ D. $1.75

2. Show or tell how you solved the problem.
