## **E** Median

Six students each grabbed a handful of cubes. They pulled 10, 12, 10, 11, 15, and 14 cubes.

What is the median number of cubes in a handful?

---

## **F** Antopolis Airport

Below is a sketch of the hangar at Antopolis Airport. (Planes are stored and repaired in hangars.)

Find the area and perimeter of the hangar. You may wish to build the hangar with square-inch tiles.
