

Using Paper and Pencil

Self-Check: Questions 17–18

Solve each problem two ways. Choose base-ten shorthand or a paper-and-pencil method (expanded form, all-partials, or compact).

Problem	One Strategy	Another Strategy
17. $48 + 37$		
18. $\begin{array}{r} 137 \\ - 68 \\ \hline \end{array}$

● **Getting It!**

■ **Got It!**

I could use some extra help.

I just need some more practice.

I'm ready for a challenge.

Use paper and pencil methods to add or subtract.
