## **X** Prime Factors

1. Which of the following are prime numbers?

53    54    57    67    96    103

2. Tell how you decided 53 is or is not prime.

3. For the numbers that are not prime, use factor trees to factor them into a product of prime numbers. Write a number sentence showing the factors. You may use a calculator to help.
