

Blank Triangle Flash Cards

- Make a flash card for each fact that is not circled on your *Division Facts I Know* charts. Write the product in the shaded corner of each triangle. Then cut out the flash cards.
- Your partner chooses one card at a time and covers one corner.
- To quiz you on a division fact, your partner covers the number in the square or the number in the circle. Solve a division fact with the two uncovered numbers.
- Repeat the directions for your partner.
