**A** Facts Practice

Find the number for  $n$  that will make each number sentence true.  
Then write the other number sentences in that fact family.

A.  $n \times 7 = 35$

B.  $12 \div n = 2$

C.  $12 \div n = 4$

D.  $8 \times n = 32$

E.  $9 \times n = 63$

F.  $36 \div n = 6$

G.  $40 \div n = 5$

H.  $7 \times n = 49$

I.  $30 \div n = 6$

J.  $n \times 8 = 48$
