C. $\frac{6}{12}$ 0.5

D. $\frac{5}{8}$ 0.4

2. Show or tell your reasoning for one of the number sentences in Question 1.

J A Trip to the Bookstore 

Mrs. Smith went to the bookstore to buy books for her class library. She spent half of her money on fiction books. She spent \$12.00 on nonfiction books about sports and \$15.00 on nonfiction books about animals. When she got home she still had \$3.00 left. How much money did Mrs. Smith have to start with? Show or tell how you solved the problem.
