

R Selling Cookies

Lin, Irma, Jackie, Maya, and Jessie sold cookies for their club. This data table shows the number of boxes each girl sold.

Boxes of Cookies Sold

Student	Number of Boxes Sold
Lin	154 boxes
Irma	78 boxes
Maya	110 boxes
Jackie	100 boxes
Jessie	45 boxes

1. What is the median number of boxes sold?
2. How many more boxes did Lin sell than Jessie?
3. Did Irma and Jessie together sell more or less than Maya? Show or tell how you decided.
4. Estimate about how many boxes the five girls sold altogether. Use mental math or a few quick notes.
