

B. Look at Grace’s game board. Explain how Grace found her solution.

Grace’s Board

	5	10	13
	6	7	8
-	4	8	5
	1	2	8

C. Who found the largest difference, Jessie or Grace?

4. Jerome and Maya played a game for the smallest difference. Finish the solutions started by Jerome and Maya. Then use an estimation strategy to decide if your answers are reasonable. Circle the winner.

Jerome

		10		
	1	5	0	8
-		3	9	2
				6

Estimation Strategy

Maya

	1	0	2	3
-		9	8	5

Estimation Strategy

1023 - 985 =
