

Name _____ Date _____

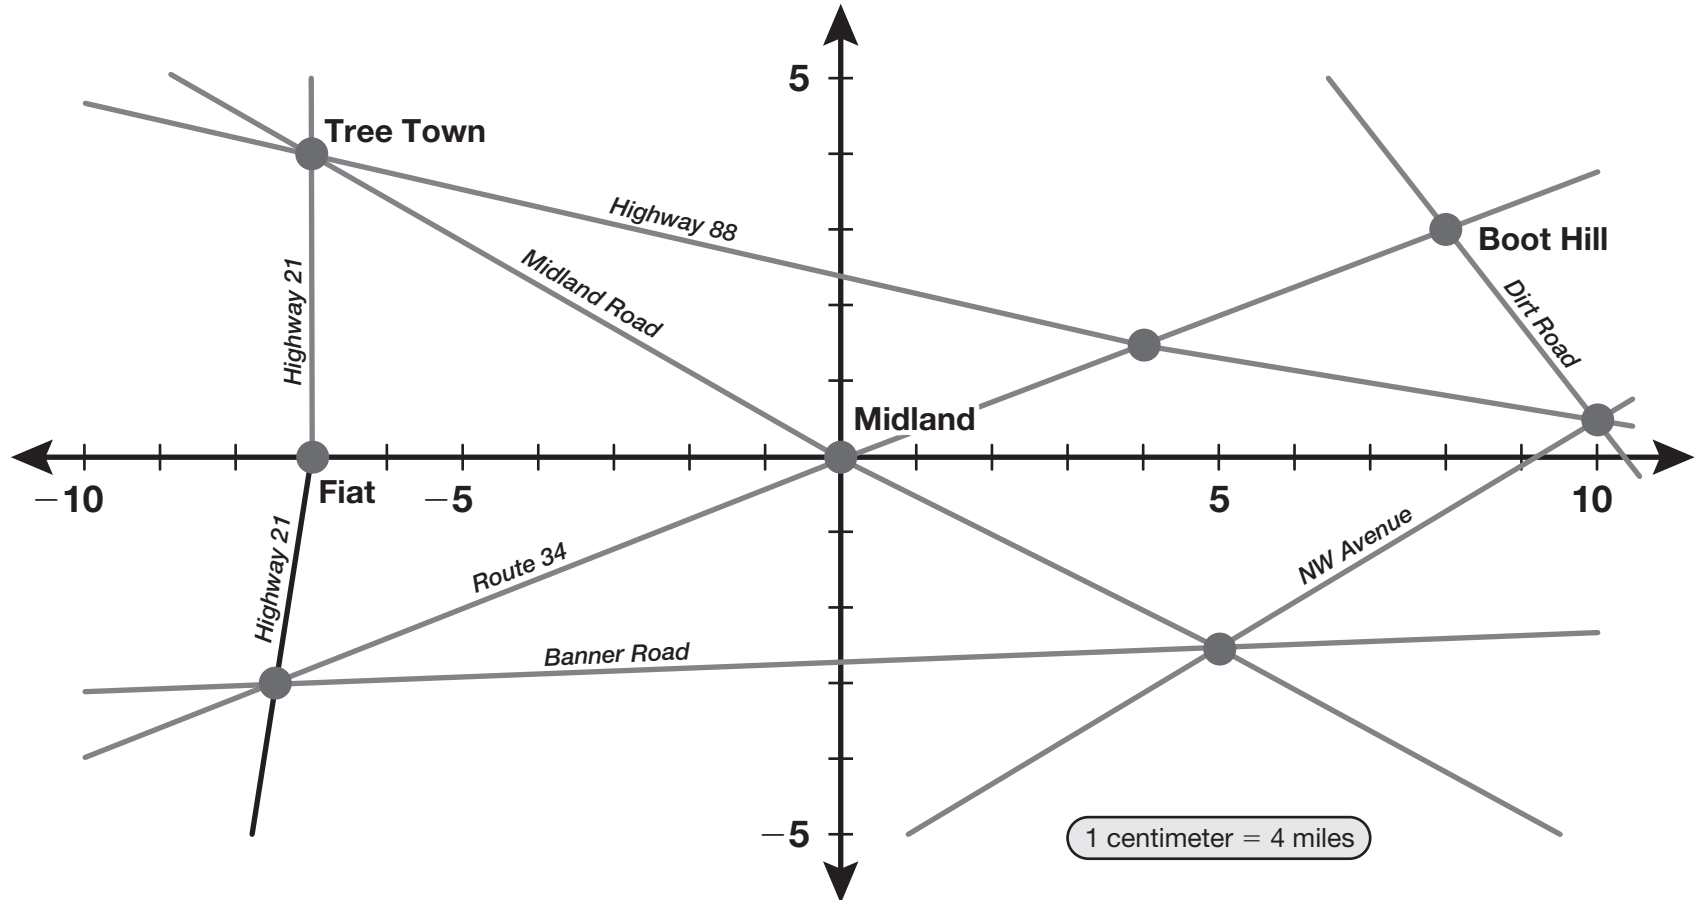

Professor Peabody's Trip to the Country

Homework

Professor Peabody and his pet mouse, Milo, were invited to visit friends in Tree Town. Milo noticed a few of the towns were not labeled, so he found their coordinates in the index. Help Milo label the missing towns.

Goodland $(-7.5, -3)$ East Fork $(10.5, .5)$ Banner $(5, -2.5)$ Sunville $(4, 1.5)$

Name _____ Date _____

Use the map scale and a ruler to solve each problem. Show how you solve each problem.

1. Professor Peabody drove from Midland to Goodland. How far did he drive?

2. A. Professor Peabody decided to go from Midland to East Fork. Milo noticed there were two possible routes. Which route is shorter?

B. How many miles shorter?

Name _____ Date _____

3. Professor Peabody started in Goodland. He decided to pick up some homemade butter in Banner, then some vegetables in East Fork, and finally had dinner in Tree Town with friends. How many miles did he travel?

4. Which drive is longer: Banner to Tree Town or Goodland to Sunville?
