

P Snow Day

It's a snow day so school is cancelled. Mr. Moreno starts the phone tree for his class. He starts the phone tree by calling 1 student who will then call 2 students. Each student called will call 2 students. If Mr. Moreno has 31 children in his class, how many students will not need to make calls? Show or tell how you know.

Q Division

Solve the following problems. Estimate to make sure your answers are reasonable. Use the *Division Strategies Menu* in the *Student Guide Reference* section.

A. $1739 \div 5$

B. $467 \div 3$

C. $1056 \div 6$

D. Explain how you know your answer to Question C is reasonable.
