

I Scheduling Activities

Mr. Moreno scheduled the following times for each of three activities he wants the students to complete at the computer. How many minutes did he assign for each activity?

- A. Internet search for a research project: 8:48 AM to 9:54 AM.
- B. Math fraction game: 9:55 AM to 10:17 AM.
- C. A mapping activity for social studies: 10:20 AM to 10:43 AM.
- D. About how long will the class spend using their computers?

J What's My Rule

Find the rule for this function machine. Then use the rule to complete the table.

<i>N</i> Input	<i>O</i> Output
0	1
2	5
5	11
8	
	21
	41
